SALE INFORMATION

Since 1915, the Polled Shorthorn Breeders of the Shenandoah Valley have been offering their cattle in the Spring Sale.

The fact that many of the best herds of the land have cattle from these sales, indicates the confidence of the most discriminating buyers.

Especially this year, the offering will provide an opportunity to buy some of the best breeding that is known in the business. In this sale, you can find top show cattle, but for the most part, sound breeding cattle in moderate flesh, with many good producing cows included. Some of these have calves at foot.

I hope we can welcome you April 6th.

ABERUCHILL AUGUSTA LADY - This heifer was purchased from Aberuchill Farm as a 4-H project. She carries with her quite a pedigree. She is the granddaughter of Louada Nugget. She is a half sister to the Champion Female at the 1965 & 1966 Maryland State Fair and the full sister to the 1967 Reserve Junior Champion Bull at the Maryland State Fair. This heifer was pasture bred in October to Caledonia Serenade 2d, a polled bull, and the top selling bull here at the Winchester Sale in 1963. He is a rugged, thick individual standing on strong bone and carrying a weight of 1800 lbs. in breeding condition. This heifer is being sold only for the purpose of financing my college education.

Denbigh (Double Meadows) Partial Dispersal

Due to the fact that I am selling my farms in Harford County, Maryland and moving to a much smaller place, I am forced to reduce my herd drastically.

I have decided to retain some of my younger heifers and a few aged cows, too old to justify sale at auction. The animals offered for sale here today are a result of acquisitions over the past ten years from the Dudley Babb, Avenel, Fishpaw, Oakwood, and J. Paul Smith dispersions; also two cows from the Lewisfield 1966 sale.

This herd has been on the Maryland BCIA program since 1960. I have culled rigidley, emphasizing weight for age and conformation in the calves, and always unloading the non-productive dams as well as their get.

With the exception of the Smith (Hazlewood) animals who are mostly bred to or have calves by Hazlewood's Nugget, an excellent son of Lonada Nugget, the other cows are largely bred to or have calves by Arrowsmith Rodney 5th, a horned son of Rodney's Leader 29th x out of Arrowsmith Polyanna x by Level-dale Cornerstone. His calves should turn out well.

The herd is accredited for Bangs and T.B.
